

# Register for an ORCID iD with ORCID@MSK

Use **ORCID@MSK** to register for your unique iD with the MSK Library and sync your MSK works (publications) from Synapse to your ORCID record.

Get Started Here: [ORCID@MSK](#)

1. Login using your **MSK username** and **Employee ID**.
2. You will then be directed out to the **ORCID.org** site. Fill out the brief registration form. We recommend providing a non-MSK email address that you will always be able to access.

ORCID

Already have an ORCID iD? [Sign In](#)

Per ORCID's [terms and conditions](#), you may only register for an ORCID iD for yourself.

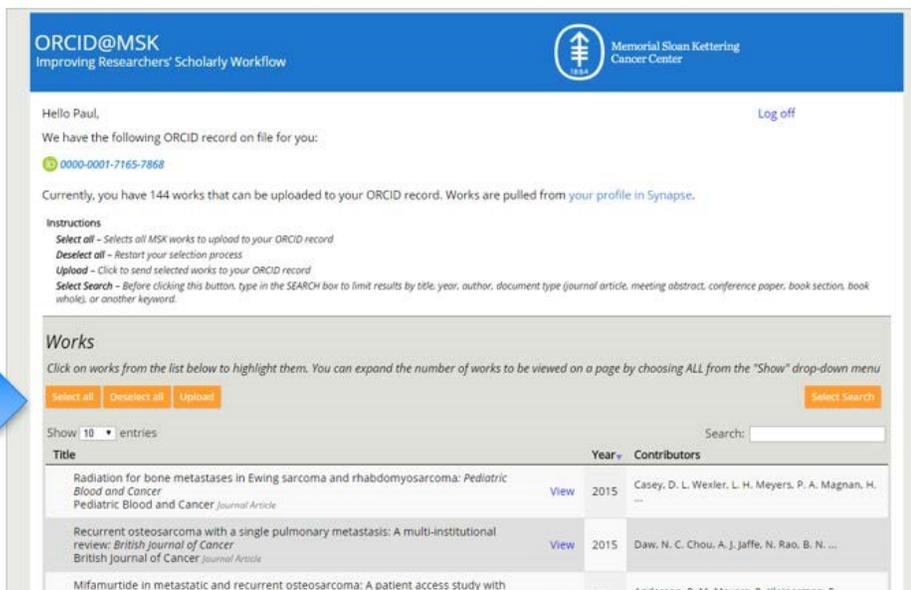

First name  ?  
Please enter your first/given name.

Last name (Optional)

Primary email   
Invalid email address.

Additional email (Optional)  ?

3. Once logged in, you will be alerted to any publications (works) you have in your Synapse profile and can choose to have them synced to your ORCID record.

ORCID@MSK  
Improving Researchers' Scholarly Workflow

Memorial Sloan Kettering  
Cancer Center

Hello Paul, [Log off](#)

We have the following ORCID record on file for you:  
0000-0001-7165-7868

Currently, you have 144 works that can be uploaded to your ORCID record. Works are pulled from your profile in Synapse.

**Instructions**  
Select all - Selects all MSK works to upload to your ORCID record  
Deselect all - Restart your selection process  
Upload - Click to send selected works to your ORCID record  
Select Search - Before clicking this button, type in the SEARCH box to limit results by title, year, author, document type (journal article, meeting abstract, conference paper, book section, book whole), or another keyword.

**Works**  
Click on works from the list below to highlight them. You can expand the number of works to be viewed on a page by choosing ALL from the "Show" drop-down menu

Title	Year	Contributors
Radiation for bone metastases in Ewing sarcoma and rhabdomyosarcoma: <i>Pediatric Blood and Cancer</i> <i>Pediatric Blood and Cancer</i> Journal Article	View 2015	Casey, D. L. Wexler, L. H. Meyers, P. A. Magnan, H. ...
Recurrent osteosarcoma with a single pulmonary metastasis: A multi-institutional review: <i>British Journal of Cancer</i> <i>British Journal of Cancer</i> Journal Article	View 2015	Daw, N. C. Chou, A. J. Jaffe, N. Rao, B. N. ...
Mifamurtide in metastatic and recurrent osteosarcoma: A patient access study with		Anderson, P. M. Mavers, P. Kleinerman, E.

# Register for an ORCID iD with ORCID@MSK

## You have now successfully registered your ORCID iD with ORCID@MSK! Benefits include:

- ✓ Your ORCID iD will appear on your Synapse profile page.
- ✓ Any MSK works (publications) you selected will appear in your ORCID record.
- ✓ Your ORCID record will have been auto-populated with your MSK employment information, email address, and link to your Synapse profile page.

## Optional next steps:

- Enhance your ORCID profile with additional employment, educational, or biographical information. All information in the ORCID record is under your control and can and you can set the level of privacy on what can and cannot be viewed.
- Add your previous (non-MSK) publications to your ORCID profile. One simple tool to use is the [Scopus2ORCID](#) integration, which will sync your publications from the Scopus database to your ORCID record. You can also use the NIH [SciENcv integration](#), Crossref, Europe PubMed Central, and [more](#).

For help or more information, see our [ORCID informational page](#) or reach out to us via our [Help Form](#).
