

Register for an ORCID iD with ORCID@MSK

Use **ORCID@MSK** to register for your unique iD with the MSK Library and sync your MSK works (publications) from Synapse to your ORCID record.

Get Started Here: [ORCID@MSK](#)

1. Login using your **MSK username** and **Employee ID**.
2. You will then be directed out to the **ORCID.org** site. Fill out the brief registration form. We recommend providing a non-MSK email address that you will always be able to access.

Already have an ORCID iD? [Sign In](#)

Per ORCID's [terms and conditions](#), you may only register for an ORCID iD for yourself.

First name

Please enter your first/given name.

Last name (Optional)

Primary email

Invalid email address.

Additional email (Optional)

3. Once logged in, you will be alerted to any publications (works) you have in your Synapse profile and can choose to have them synced to your ORCID record.

ORCID@MSK
Improving Researchers' Scholarly Workflow

Memorial Sloan Kettering
Cancer Center

Hello Paul, [Log off](#)

We have the following ORCID record on file for you:
[0000-0001-7165-7868](#)

Currently, you have 144 works that can be uploaded to your ORCID record. Works are pulled from [your profile in Synapse](#).

Instructions
Select all - Selects all MSK works to upload to your ORCID record
Deselect all - Restart your selection process
Upload - Click to send selected works to your ORCID record
Select Search - Before clicking this button, type in the SEARCH box to limit results by title, year, author, document type (journal article, meeting abstract, conference paper, book section, book whole), or another keyword.

Works
Click on works from the list below to highlight them. You can expand the number of works to be viewed on a page by choosing ALL from the "Show" drop-down menu

Mifamurtide in metastatic and recurrent osteosarcoma: A patient access study with		Anderson, P. M. Mavers, P. Kleinerman, E.

Register for an ORCID iD with ORCID@MSK

You have now successfully registered your ORCID iD with ORCID@MSK! Benefits include:

- ✓ Your ORCID iD will appear on your Synapse profile page.
- ✓ Any MSK works (publications) you selected will appear in your ORCID record.
- ✓ Your ORCID record will have been auto-populated with your MSK employment information, email address, and link to your Synapse profile page.

Optional next steps:

- Enhance your ORCID profile with additional employment, educational, or biographical information. All information in the ORCID record is under your control and can and you can set the level of privacy on what can and cannot be viewed.
- Add your previous (non-MSK) publications to your ORCID profile. One simple tool to use is the [Scopus2ORCID](#) integration, which will sync your publications from the Scopus database to your ORCID record. You can also use the NIH [SciENcv integration](#), Crossref, Europe PubMed Central, and [more](#).

For help or more information, see our [ORCID informational page](#) or reach out to us at [Ask-A-Librarian](#).
